***“AMF again brings the best to you. Double your production output with less labor with a new Splitter Board from AMF!”***

- ▼ *Doubles production output with less labor*
- ▼ *Unique “Herringbone” design dough working surface*
- ▼ *Lightweight assembly with durable cam adjustment system*
- ▼ *Stainless steel, adjustable cutter bar*
- ▼ *Corrosion free components and frame*

## Open New Horizons with a Splitter Board Upgrade

This twin roll cutter/splitter is intended to replace the original cotton lined twin roll boards that came on the original Pan-O-Mats.

These lightweight 2.5" wide (other sizes available upon request) copolymer boards feature a unique "herringbone" working surface that extends the dough quicker using less board pressure.

AMF's Universal Mounting Brackets make setup of the Splitter Board quick and easy.

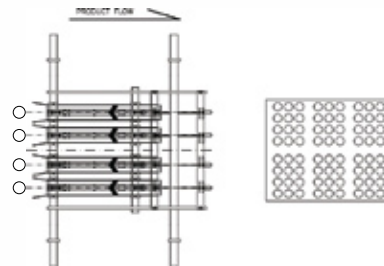

The frame assembly has durable eccentric cam adjustment system that is not effected by flour or water.

All other components are made of non-corrosive materials and allow wet washdown.

*Produce 8-1oz. dough pieces from a divider running 4-2oz. pieces.*

*Produce 12-1oz. dough pieces from a divider running 6-2oz. pieces.*

- ▼ 410 and 610 Pan-O-Mats
